English Baccalaureate & Whole cohort progress in English & Maths from KS2 – KS4

Due to the complexity and severity of our student cohort SEBD / SEMH / ASN needs, combined with our reactive admission patterns that encompass new students arriving across each academic year right up to and including Year 11, it is not appropriate or feasible to:

- deliver the English Baccalaureate
- measure / report on whole cohort progress in English & Maths from KS2 – KS4. Such progress is tracked and measured on an individual student by student basis
